Double Verification

Emergency Key

digitallock

## LARGER FINGERPRINT RECOGNITION AREA FAST AS LIGHTNING

Using a super-sized fingerprint sensor, the fingerprint recognition area is increased by 40%, and more fingerprint features can be entered at one time; the double optimization algorithm will supplement the owner's fingerprint information every time it is recognized, constantly improving the fingerprint information, and unlocking faster and faster. Support multi-angle quick identification.

Note: Please lift your finger every time you enter the fingerprint feature, and use different angles to enter, so as to maximize the fingerprint information and get the best unlocking experience.

## INTERGATED FINGERPRINT RECOGNITION 36° BEVELED SURFACE

The beveled angle handle design is more in line with the human grip habits. Rapid recognition, door could be unlocked by a grip.

Personalized Bottom Design : CD Pattern finish details for perfection.

Semiconductor Fingerprint module

0.3s

Rapid Unlocking by 0.3 seconds

36°

## DIRECT INSERT LOCK CYLINDER C GRADE LOCK

Emergency keyhole is hidden under the panel. Lock cylinder adopts the straight insert structure. Embedded in the lock body even if the panel is violently removed. Lock cylinder still can be operated. It is still a high security level of mechanical locks. Thieves bemoan their insignificance in the face

## ONLY FOR THE SAFETY OF YOUR HOME MULTIPLE PROTECTIONS

Resistance to little Black Box

Anti-pry Alarm

Encrypted Magnetic Card

Cat Eye Anti-theft

Anti Child Misuse

Security Combination Passcode

Anti Trial and Error Self Locking

Dummy Passcode

## DUMMY PASSWORD TECHNOLOGY 6-BIT REAL PASSWORD

The front and back can be added randomly.

Effectively hide the real password to prevent prying eyes.

Maximum 32-bit dummy password Support 50 sets of password

643541 → 123456 → 134263

\*\*\*\*\* RANDOM CODE \*\*\*\*\* CORRECT CODE \*\*\*\*\* RANDOM CODE \*\*\*\*\*

## HIGH STRENGTH ALUMINUM ALLOY

Sturdy, durable and everlasting.

ONE PIECE MOLDING PANEL : Seamless battery cover.

## BREAKING THE PRIVACY PROBLEM FULLY ENCRYPTED

Lenovo pays attention to and has the ability to provide users with better data protection, and provides full-link encryption capabilities to achieve effective encryption of communication content. While users enjoy the smart and trendy life, it strongly resists hackers from prying into personal privacy.

Protect Full Content User Data Encryption

Lenovo LENOVO SECURITY LAB

## IOT SECURITY

UPGRADING EXPERIENCE LENOVO SECURITY LAB

Lenovo and the National Internet Emergency Center established a joint security laboratory earlier, bringing the security of IoT

Black Box Testing

Source Code Audit

Structure Review

Privacy Audit

Third Party Mediation

Open Source Software Compliance

APP Security

Supply Chain Review

digitallock

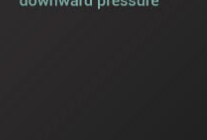

Before the product goes on the market, it will go through 8 safety audit processes, strictly control each link, and ensure that the product passes the laboratory safety certification.

User Management, Unlock Record, Passcode Management, Door Switch State, Power Inquiry, Function Setting

Product	Lenovo Smart Door Lock U1	digitallock
Product Contains	Outer Panel x 1, Inner Panel x 1 / Emergency Key x 2 / Installation Kit x 1 / User Manual x 1	
Unlock Method	Fingerprint / Conventional Virtual Password / Temporary Password / Dynamic Password / Mechanical Key / Inductive Door Card	
Main Material	High Strength Aluminum Alloy	
Appearances	Spray Painting + IML In-mold Injection	
Color	Rock Gray / Coffee Gold	
Dimension	384 x 81 x 26mm	
Emergency Power Supply	External power port (Micro USB)	
Password Length	6-8 digits (up to 32 digits for Virtual Password)	
Operating Temperature	-25° ~ 70° C	
Main Power	x8 AA Batteries / x4 AA Batteries can support the normal operation of lock	
Standby Time	12 Months	
Unlock Capacity	Fingerprint : 100 / Passcode : 50 / Card : 200	
Attempt Limit	Fingerprint : 5 Times / Password : 5 Times	
Alarm Mode	Low Battery, Low Voltage, Prying Alarm, Attempt Limit Alarm	
Door Type	Anti-theft Door, Wood Door, Iron Door, Wonly Door	
Door Thickness	40-120mm (adjust the length of the square steel to fit)
